

STORE® FINE STORAGE HOSTS GRAND OPENING IN PALM BEACH GARDENS WILL REVOLUTIONIZE THE WAY WE STORE OUR VALUABLES

PALM BEACH GARDENS, Fla. -- A whole new way to store your belongings is here --- STORE® Fine Storage/Wine Storage hosted their grand opening event in Palm Beach Gardens on Wednesday, October 29 attended by over 300 community leaders and local business owners. While sipping champagne, guests toured the state-of-the-art complex with its lavish interiors and high-tech security.

STORE® Fine Storage is a radical departure from the typical storage facility offering businesses and consumers the ability to store family heirlooms, business records and even one-of-a-kind wines in a way never experienced before. Conveniently located at 11010 North Military Trail just north of PGA Boulevard next to the Doubletree Hotel and CVS pharmacy, the STORE® experience begins in the lobby which was designed by a nationally known New York architect and adorned with stone floors and African mahogany walls. The smell of fresh baked cookies permeates the lobby which is equipped with WiFi, laptop stations and a wine tasting/conference room with teleconferencing capabilities.

The experience continues with the covered drive-thru and parking area where consumers will be comfortable unloading their valuables in a gated, controlled access area. Storage rooms at STORE® are climate controlled, accessible seven days a week and are available in 19 different sizes ranging from a 5'x5' closet size space to business and commercial size 20'x20' rooms.

Consumers utilizing STORE® Wine Storage will be awed by the numerous cameras and state-of-the-art technology which completely automate their wine storage experience. These high-tech personal wine cellars are available 24-hours a day and include biometric access and an exclusive inventory management system featuring touch screens, barcode printer and barcode scanner that assists patrons in maintaining an accurate inventory of their wine collections. In addition, the onsite wine tasting room with custom made furniture is available for tastings, meetings and special events which can be coordinated with our Wine Concierge.

STORE® Fine Storage is a masterpiece of automation and technology and offers first-class service at competitive prices For more information on STORE® Fine Storage call 561-627-8444 or visit their Web site at www.storefinestorage.com.
